5. Responsibilities & Obligations

Client Responsibilities:

- Provide all required content (text, images, videos, course details, etc.) within the agreed timeline. Delays in content submission may lead to a shift in the overall project timeline.
- The client is encouraged to review updates regularly and provide timely feedback to ensure smooth progress.
- Arrange for domain & hosting (if required, we will assist in deployment, hosting and domain procurement).

Developer Responsibilities:

- Develop the website as per the agreed design and functionality requirements.
- Ensure the site is responsive, optimized, and cross-browser compatible.
- Conduct testing and debugging before final delivery.
- Hand over Source Code after final payment.

6. Legal Terms

Confidentiality Clause: All client-provided data shall be kept confidential and will not be shared with any third party.

Scope Change Clause: Any new features or major changes beyond the agreed scope will be considered a separate project and may require additional cost and timeline adjustments.

Liability Clause: The developers are not responsible for:

- Security breaches or data loss due to hosting vulnerabilities.
- Any external third-party failures.
- Future website maintenance unless a separate agreement is made.

Termination Clause: Either party may terminate this agreement with a 7-day written notice. In such a case:

- The client must pay for the work completed up to the termination date.
- The developers will hand over all completed work files after formal termination with payment.

7. Agreement Confirmation

By replying positively to the email in which this document is attached, the client acknowledges and agrees to the terms outlined above. Additionally, the client must provide a screenshot or proof of payment after each transaction is completed for documentation purposes. Project work will commence after the initial payment confirmation has been received. Upon verification, we will send further details if any.
